CHINA HELICOPTER EXPOSITION

The only helicopter exhibition
with a dynamic display in the world !

— Exciting times ahead for the rotor world in China . . .

Dramatic changes are on the horizon for the rotor world in China. Current trends are shifting and recent forecasts predict a significant boost for helicopter production, maintenance and construction in China. But why?

- > Increasing demand for more helicopters both in the public & private sector
- > Air spaces opening gradually
- > Implantation of major international aircraft constructors in China
- > Boost in tourism: leasing companies rising need for helicopters
- > Civil Aviation: taking passengers to remote places without runways

With current forecasts predicting a sharp increase in helicopter demand, as well as China's increasing prominence on the world rotor stage, China Helicopter Exposition is an unmissable event for rotor aircraft professionals globally.
